LIMITED LIFETIME WARRANTY AGAINST MANUFACTURING DEFECTS
(INCLUDING 30 YEAR LIMITED CHALK AND COLOR CHANGE PROTECTION)

Exclusively for Registered Owners of EMCO Building Products, Inc. Brand Products

CONTINENTAL COATINGS, INC., ALUMINUM SOFFIT, FASCIA, RAINWARE AND TRIM PRODUCTS
LIFETIME NON-PRORATED TRANSFERABLE LIMITED WARRANTY
(30 YEAR IF TRANSFERRED)

Subject to the limitations and exceptions set forth in this Limited Lifetime Warranty, the exterior aluminum soffit, fascia, rainware, and trim products are warranted by the paint manufacturer, Continental Coatings, Inc. (CCI), to the owner of the property on which the aluminum soffit, fascia, rainware, and trim products (Products) are installed, against loss of adhesion, cracking, blistering, checking, chipping, peeling or flaking (slight cracking or crazing that may occur on roll-formed and brake press bends during fabrication are not considered a manufacturing defect).

This Limited Lifetime Warranty shall be effective, only upon registration, as set forth below, and shall remain in effect as long as the original homeowner(s) continue to own the property upon which the Products are installed. If the building is owned by a corporation, partnership, an unincorporated association, governmental entity, trust, church, school, or other artificial entity at the time of original installation, then the warranty duration shall be fifty (50) years from the date of original installation. This Warranty may be transferred to subsequent owners of the property, as set forth below, and upon transfer will become a thirty (30) year warranty from date of installation.

FADE:

CCI warrants to the owner of the property on which the Products are installed, that the Products, after removal of dirt and oxidation will not show color change in excess of five (5) delta E units when calculated in accordance with ASTM D2244 for a period of thirty (30) years from date of installation. Color change is to be measured by comparing the unexposed portions of panels installed on the property to the exposed painted surface after removal of dirt and oxidation. It is understood that fading or color changes may not be uniform if the surfaces are not equally exposed to solar radiation and elements.

CHALK:

CCI warrants to the owner of the property on which the Products are installed that the Products will not chalk in excess of a numerical rating eight (8) for applications other than gutter, and six (6) for gutter applications when measured in accordance with the standard procedures specified in ASTM D-4214 for a period of thirty (30) years from date of installation.

A color variation (except as otherwise specifically warranted) may occur between any new refinished or replacement panel in comparison to the originally installed panels due to weathering exposure and would not be indicative of defective Product. Normal surface weathering may cause any surface to oxidize, chalk, or accumulate surface dirt or stains due to varying exposures to sunlight, weather and atmospheric conditions. The geographical location, the quality of the atmosphere, and other local factors in the area, over which CCI has no control, will contribute to the severity of these conditions.

LIMITATIONS AND EXCEPTIONS:

THIS LIMITED LIFETIME WARRANTY is restricted to coating failures resulting only from natural weathering and will not cover damage or failure of product attributable to:

- a. Acts of God, falling objects, fire, explosions, external forces or any similar or dissimilar physical damages.
- b. Exposure to aggressive, corrosive, or other harmful fumes or atmospheric conditions.
- c. Standing water or extended salt spray exposure.
- d. Storage or installation that allows contact with animals and/or animal waste.
- e. Improper cleaning or installation maintenance.
- f. Storage or installation of product within 1500 feet of seashores.
- g. Improper packaging, handling, shipping processing, or installation.

The homeowner must comply with the required warranty registration of the Products as explained below. There is no warranty in existence if there is a failure to register. Homeowner agrees to provide access to Products for inspection as requested and to assist as necessary in providing information on product failure. Claims under this warranty must be submitted in writing within forty-five (45) days of discovery of the warranted performance failure and CCI requires the opportunity for site inspection and investigation. CCI has the sole right to evaluate and determine its obligations under the terms and conditions of this Limited Lifetime Warranty. CCI's sole liability and responsibility is only for the direct cost of refinishing or replacing the failed Product. CCI reserves the right to approve whether refinishing or replacement is appropriate and the selection of a qualified refinishing or replacement contractor.

Except as otherwise warranted, CCI shall have no obligation to replace non-defective Product as part of repair, refinishing, or replacement of defective Products due to color variations due either to weathering or a change in the manufacturing process. CCI reserves the right to discontinue or change any Products as manufactured. If the Products originally installed are not available and CCI determines to replace the defective Products, CCI shall have the right to substitute Products of equal quality.

Warranty for any refinished or replaced Product shall be only for the remainder of the warranty period applicable to the original coated Product. In no event shall CCI be liable under any theory of recovery for any direct, special, punitive, incidental, or consequential damages in any way resulting from the purchase of a coated Product or from any possession, use and/or installation of the coated Products.

ANY REPAIR OF THE PRODUCTS UNDERTAKEN WITHOUT PRIOR WRITTEN AUTHORIZATION FROM CONTINENTAL COATINGS, INC. WILL VOID THIS WARRANTY.

ADDITIONAL EXCLUSIONS AND LIMITATIONS:

THIS LIMITED LIFETIME WARRANTY IS IN LIEU OF ALL OTHER EXPRESS OR IMPLIED WARRANTIES AND EXPRESSES THE SOLE AND EXCLUSIVE LIABILITY OF CONTINENTAL COATINGS, INC. EXCEPT AS EXPRESSLY STATED HEREIN, THERE ARE NO OTHER WARRANTIES OR GUARANTEES ORAL OR WRITTEN EXPRESS OR IMPLIED FROM ANY COURSE OF DEALING OR USAGE OF TRADE AND ALL SUCH IMPLIED WARRANTIES, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR INTENDED PURPOSE ARE EXPRESSLY DISCLAIMED.

THIS LIMITED LIFETIME WARRANTY MAY NOT BE MODIFIED, EXTENDED OR ENLARGED BY ANY REPRESENTATIVE OF CCI OR INTERMEDIATE SALESMAN OR AGENT.

CARE AND MAINTENANCE INSTRUCTIONS

Continental Coatings, SUPRA™ HD High Durable finish is recognized as a reliable and durable coating. But, as with any exterior surface, dirt and mildew may collect on it. Where conditions of soiling do occur, the following instructions will enable you to care for the finish on your aluminum soffit, fascia, rainware, and trim products.

For surface dirt, an occasional washdown with a garden hose and gentle rubbing action by means of a soft rag, sponge or soft bristle brush is recommended. **DO NOT RUB VIGOROUSLY.**

In moderately dirty atmosphere, use ordinary nonabrasive household detergents, such as 1/3 cup detergent (Tide®) and 2/3 cup trisodium phosphate (Soilex®, or Spic-and-Span®) mixed in a gallon of water. Follow cleaning instructions above and manufacturer's directions.

For mildew accumulation, which can occur on surfaces of all types (normally appearing as black spots), remove by using cleaning method for moderately dirty atmospheres and basic solution of the following ingredients.

- a. 1/3 cup detergent (Tide®)
- b. 2/3 cup trisodium phosphate (Soilex® or Spic-and-Span®)
- c. 1 quart sodium hypochlorite 5% solution (Clorox®)
- d. 3 quarts water

CAUTION:

STRONGER CONCENTRATIONS OF CLEANERS MAY CAUSE DAMAGE TO THE FINISH. IMMEDIATELY AFTER WASHING WITH DETERGENT OR OTHER CLEANERS, RINSE ALL SURFACES THOROUGHLY WITH A GARDEN HOSE. AVOID VIGOROUS RUBBING, WHICH MAY CAUSE UNDESIRABLE GLOSS AREAS OF THE FINISH. AVOID SKIN AND EYE CONTACT. IN ALL CASES, FOLLOW MANUFACTURER'S INSTRUCTIONS FOR USE OF CLEANING COMPOUNDS AND SOLUTIONS.
